INTRO

I'm a results-oriented and innovative product management professional who leverages my unique blend of technical expertise in software engineering and passion for innovation to drive product success. With a strong foundation in technology, I excel at bridging the gap between business objectives and technical capabilities.

My work style is defined by my ability to thrive under pressure and consistently deliver high quality results with a strong work ethic and unwavering reliability. I'm a quick learner, always striving to expand my knowledge and stay ahead of the curve. Colleagues appreciate my organized, collaborative, and supportive approach that fosters a culture of teamwork and open communication. With a proven track record of success, I'm dedicated to driving product innovation and growth, and I'm excited to apply my skills and expertise to a new challenge.

WORK EXPERIENCE

Professional Product Manager Backend

CHECK24 Vergleichsportal Flug | 03/2024 -

- **Payments Product Leadership:** Leading the payments product area, driving end-to-end ownership of feature development, product operations, QA, documentation, product analytics, and backlog refinement, ensuring a cohesive and high-performing product.
- **Innovative Feature Development:** Conceptualized and delivered payment features, including a loyalty payment feature, projected to increase Conversion Rate (CR) and reduce prices for most customers through a cash & points offering, driving business growth and customer satisfaction.
- **Agile Delivery Excellence:** Collaborated with cross-functional stakeholders, including lead PM, IT Lead, and developers, to manage sprints within a Scrum/ScrumBan framework, achieving efficent sprints, ensuring timely and iterative progress towards product goals.

Student Product Manager

CHECK24 Vergleichsportal Flug | 09/2024 - 02/2024

- **Streamlined Payments:** Managed testing, final implementation and release of new risk management and architectural changes, resulting in a simplified control of payment options and a more efficient payment flow.
- **Agile Delivery:** Played a key role in managing sprints through support of lead PM and managing developers towards weekly releases of product updates and feature improvements.

Product Strategy Intern

Hypoport SE - Insurance Segment | 08/2022 - 02/2023

- **Product Strategy Development:** Contributed to segment product strategy through in-depth analysis, research, and conceptualization, collaborating closely with the Chief Product Officer (CPO) to shape the product vision.
